ROUSE SLUG CLIPPER

Quickly pays for itself. Priced so low that it pays to have one on each frame and make-up bank. Handy and economical in the pressroom. Finest durable construction. Hardened steel knives make clean, square cuts, accurate in measure. No shaving needed, complete with gauge.-----**\$10.20**

IMPORTED TYPE CASES

By far the strongest most durable type cases in the world. Partitions are bonded to a masonite bottom making each case a solid unit. No more sag, no more creeping type from one partition into another, no warping. Brass corner reinforcements throughout. Steel bottom slides for each in pulling out. White handles.

CALIFORNIA JOB CASE
Most popular case for every printer.

\$8.95

NEWS CAP CASE
The standard cap case with larger compartments for characters used most frequently.

\$8.95

SPACE AND QUAD CASE
Accommodates eight sizes of spaces, including half spaces.

\$8.10

MARTO NUMBERING MACHINES

A terrific performer! For daily dependable forward-or-backward numbering work in any printing plant. Precision built without screws, fewer operating parts, all steel frame, and extra steel hardened wheels, perfectly aligned. Up to 6500 fast impressions per hour without a miss. Equipped with countersunk ciphers, low plunger action, and quick high speed actuating stroke. Six wheels.-----**\$13.50**
