IMPORTANT NOTE: Use JUSTIFIERS instead of regular spaces with typewriter type. Justifiers will space words in such a manner that the letters are always positioned one above the other, thereby maintaining the appearance of typewritten copy. To achieve this, they must be exactly the same setwise thickness as typewriter characters. When ordering, send sample or specify type for which justifiers are required. Prices are the same as those charged for other spaces.

Typewriter faces are fonted to the same schemes as other faces. For composition of facsimile typewritten letters, extra fonts of lowercase should be ordered.
