All genuine foundry type—guaranteed finest made. We never did use Monotype metal. All type cast on Foundry caster. Will align with all Standard alignment in America. Check including postage with orders. If invoice is wanted—add \$1.00 to total. No discount on broken fonts.

Specimen books are two-bits each—refunded if you buy type.

No, we ain't going out of business . . . just shrinking our inventory of genuine foundry type. Printers have not shown an interest in good type and saving money on their type buying.

So we are closing out our entire stock of genuine foundry type—and will concentrate on casting Antique Foundry types—the only such type in America.
